

**PROPOSED CHANGE TO THE WPG –  
DECLARATION OF COVENANTS, CONDITIONS AND RESTRICTIONS**

**TO BE VOTED ON DURING THE APRIL 14, 2022 MONTHLY HOA MEETING  
WILLOW FORK COUNTRY CLUB – 7:00 PM**

**SECTION 2.15 – FENCES**

A copy of the current verbiage pertaining to the fence height has been forwarded via e-mail to the WPG-HOA Homeowners and states the fence shall not exceed six feet (6) in height.

Proposed change states *the fence shall be six feet – six inches (6 ft. – 6 in.) in height and will allow a six inch “rot board” to be added at the bottom of the fence.*

To be clear, if this change is approved, all fences replaced after the approval date will have to meet the new height requirement (6 ft. – 6 in.) with 6-inch “rot board” added at the bottom.

Adding a “rot board” is now the industry standard and will allow for using a standard 6 foot long fence board with a 6 inch (horizontal) “rot board” board added at the bottom – new overall height will be 6 ft – 6 inches.

Nothing in the new proposal affects other provisions of **Section 2.15 – Fences**, the change is only pertaining to the overall height of the fence, to include the adding of a “rot board” at the bottom.

If you favor of the change – vote – **YES**

**APPROVED IN APRIL 2022**

If not in favor of the change – vote – **NO**
